March is National Colorectal Awareness Month.

Join Peconic Bay Medical Center to help recognize the importance of colorectal screenings.

Colorectal cancer is the second leading cancer killer in the United States, but it doesn't have to be. If everyone aged 50 years or older had regular screening tests, at least 60% of deaths could be avoided.

Tour the Giant Colon

March 7, 2016
9am-11am - Front Lobby

Tour the interactive colon with our tour guides, Dr. Brett Ruffo, Colorectal Surgeon & Dr. Mark Coronel, Gastroenterologist for lifesaving education about colon cancer.
