*COMMUNITY COLLEGE LETTER 2009-2010*

Dear Presiding Officer Lindsay and Suffolk County Legislators:

This is the first Suffolk County Community College Operating Budget prepared under new operating agreements (Resolution 188-2009) between Suffolk County and the Suffolk Community College that replaced the "Plan C" agreement which had been in place for well over a decade. The "Plan C" agreement provided the Executive and Legislature with detailed fiscal responsibilities during the budget adoption process, and provided a thorough vetting of the College's proposed use of public funds by both the Executive and the Legislative branches of County government. In previous years, the Executive's Recommended Budget analyzed the College's budget request and made recommendations on a line item basis.

The new budget procedures condense the County's budget and fiscal responsibilities and require that the County either support or reject the total College budget request and county contribution. If the County adopts a different budget total, the Board of Trustees will amend their budget request to keep the budget in balance [*Memorandum of Understanding of Procedures, 3 (a)(9)*].

As we have gone through this new process for the first time, the primary concern that arose was one that I had broached during the negotiations on a new operating agreement with the College:

Status of Funds.

- Suffolk's operating budgets contain a "Status of Funds" which provides an overview of expenditures and revenues for the proposed year budget as a continuance of previous years. It provides high level budget information that confirms the proposed budget is in balance and shows whether or not previous years operations resulted in surpluses or deficits.
- There is a consensus between the Executive's Budget Office and the Legislature's Budget Review Office that the County should adopt not just a level of County contribution to the College, but the high level information included in the status of funds. This will ensure that the budget is based on consistent historical fiscal information that is reconcilable to the College's certified financial statements and information provided to New York State.
- The new agreements with the College have five year terms and allow for the reconsideration of issues that arise during implementation. Based on our experience this year, we would like to work with the College in this area.

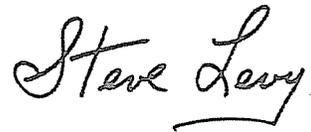

**Of note, the 2009-2010 Requested College Budget:**

- Totals \$180 million (4.87%) more than the 2008-09 adopted budget.
- Increases tuition by \$100 per semester for full time resident students and \$8 per credit for part time students;
- Keeps the County contribution at the same level as the 2008-2009 budget.
- Underestimates 2008-2009 permanent salary turnover savings by \$1.5 million, which results in a lower carry over fund balance for 2009-2010.
- Does not factor in the 2009-2010 salary savings associated with the agreed lag payroll for 405 members of the Association of Municipal Employees (AME), amounting to approximately \$725,000.
- Estimates a reserve fund balance of \$6.9 million, which the College has decided to maintain, rather than use to reduce their tuition increase.
- Estimates Full Time Equivalent (FTE) enrollment growth at 3.8% for 2008-2009 and at 3% for 2009-2010.
- Does not request new positions, but funds vacancies, contributing to a \$4.8 million (4.63%) increase in budgeted personnel funds;
- Increases contractual services expenditures by \$1.3 million, which includes \$658,000 for the College's independent payroll system (the "Banner" system).
- Includes \$370,000 for the new MTA payroll tax which was recently adopted by the New York State Legislature.

I would like to commend the College for recognizing that Suffolk County revenues have declined while demands for health and social services are increasing due to the national and state recession. The College's adherence to my budget call letter to submit a Requested Budget with no increase in the County contribution to the College is appreciated.

I look forward to working with the Legislature and the College to continue to improve the current budget process and the free exchange of budget information.

Very truly yours,
