Anker Brings County Services to Senior Luncheon

Legislator Sarah Anker with members of the Leisure Village Senior Club

RIDGE, NY – Suffolk County Legislator Sarah Anker recently attended a Leisure Village Senior Club general meeting. Accompanying her was Holly Rhodes-Teague, Director of the Suffolk County Office of the Aging. Information regarding senior services including transit and local business discount cards were provided to those in attendance.

“I always enjoy visiting the Leisure communities and am glad to bring important information on senior programs and services offered by Suffolk County,” said Legislator Anker.

Legislator Anker plans to have several informational meetings ranging from LIPA bill efficiencies to a computer training program this year at the Leisure communities.
