Fresh Water Available at Legislator Anker's Mount Sinai Office

Mount Sinai, NY – Working in collaboration with the Suffolk County Water Authority (SCWA), Legislator Sarah Anker has secured a portable water dispenser for residents without fresh, clean water.

Located in the front parking lot of the Legislator's office at 620 Route 25A in Mount Sinai, the dispenser will be available from Thursday, November 1 through Friday November 2. Residents are welcome to bring containers to fill them with water.

“In the wake of Hurricane Sandy, residents with wells are without fresh water. I am pleased to work with the SCWA to help provide water to those who need it,” stated Legislator Anker.
