Senior Awards Night. The award is annually presented by Legislator D'Amaro to a student who "gives of him or herself for the betterment of the school and/or the community."

According to the Hills East administrators who nominated him for the award, as the "unofficial school videographer," Dean's exceptional creative talents were showcased in the various projects he filmed, edited and directed including sports events, plays, awards shows, student community service projects and a documentary on the district's Wellness Fair. During his senior year, he spent more than 12 hours filming and editing the 8th grade parent orientation video. He is also an outstanding student who was active in many school clubs and organizations.

"As a student at Half Hollow Hills East, Dean regularly donated his time and talents to capture and archive important school events, providing an invaluable service for both current and future students, as well as the district as a whole," said Legislator D'Amaro. "It is a privilege to recognize him for all that he did to enrich the community and make Suffolk County a better place to live. I wish him much continued success."
