Legislator Trotta's Senior Information Fair a Huge Success

Legislator Trotta's parents, Joe and Eleanor, attended his Senior Information Fair at the East Northport Library.

(Smithtown, NY)...Suffolk County Legislator Robert Trotta hosted an information fair for seniors at the East Northport Library on May 8 and approximately 100 people attended. Residents, who attended, found it very worthwhile and informative.

Legislator Trotta is thankful to the following agencies that participated: Cornell Cooperative Extension of Suffolk Family Health and Wellness Program, Family Service League, Golden Guide, Val Manzo, Esq., Retired Senior Volunteer Program, Senior Net at Family Service League, Suffolk County Office of the Aging, Suffolk County Sheriff's

Department, Suffolk County Office of Veterans Affairs, Town of Huntington Senior Division and Visiting Nurse Service & Hospice of Suffolk.

Seniors had the opportunity to have their blood pressured screened, obtain an In Case of Emergency ID Card, learn about volunteer opportunities and obtain information about the programs and services available for senior citizens from various organizations, as well as Town of Huntington and Suffolk County offices.

“I am grateful to the East Northport Library for letting me use its facility for this event and I thought this was a great venue to bring government services and other institutions together to share their information with our seniors living in the community,” said Legislator Trotta.
