Commack, Kings Park and Smithtown Intel Semifinalists Honored By Suffolk County Legislator Robert Trotta

Suffolk County Legislator Robert Trotta presented Yongpeng Tang, Smithtown High School East, (center) and Bhavani Ananthabhotal, Kings Park High School, with proclamations recognizing their achievements. Missing from the photo is Josh Zweig, Commack High School, who was unable to attend the presentation.

(Smithtown, NY)...Suffolk County Legislator Robert Trotta acknowledged the accomplishments of three students from his district for becoming Intel Semifinalists. The Intel Science Talent Search is America's oldest and most prestigious pre-college science competition in the nation. "I am thrilled that I have so many student scientists living in my district, which says something positive about my local school districts," said Legislator Trotta.

One of the students, Yongpeng Tang, from Smithtown High School East, was also an Intel International Science and Engineering Fair Finalist and an International Sustainable World Energy Engineering Environment Project Finalist.

Joining the students in the audience were Dr. Susan Agruso, Superintendent of the Kings Park School District, Kings Park High School Principal, Lino Bracco, and Maria Zetlin, science teacher at Smithtown High School East, as well as their parents.
