(Smithtown, NY)... Suffolk County Legislator Rob Trotta congratulated Julian Ubriaco, Kameron Sedigh and John Jeffrey who were semifinalists in the Intel competition. The Intel Science Talent Search is America's oldest and most prestigious pre-college science competition in the nation. Julian and Kameron were also finalists in the Siemens competition.

"I am thrilled to have such bright and accomplished students living in my district. This achievement took a lot of hard work and perseverance and your success is also a reflection on the great teachers and superintendent you have at the Kings Park School District," said Legislator Trotta. "I am very proud of you as is all of Long Island," added Legislator Trotta.
