(Smithtown, NY)...Suffolk County Legislator Robert Trotta was invited to the Eagle Scout Court of Honor to recognize Dylan Esposito who had attained the rank of Eagle Scout. Legislator Trotta congratulated Dylan and gave him a proclamation citing this accomplishment.

Dylan's Eagle Scout Project was completed at the Brookhaven Volunteer Firefighter's Museum. His dad and uncle are city firemen. On site there were two Maltese Crosses constructed of multi-colored brick pavers, which had been buried and neglected for years. Dylan located the buried pavers and cleaned them. He built two bases with lumber and relocated the Maltese crosses brick by brick on top of the bases, where it now stands on the museum's property.

Legislator Trotta said to Dylan, “Becoming an Eagle Scout is a great achievement and is something that you have done while still a junior in high school. It is a recognition that will stay with you for the rest of your life.
