The event featured many local restaurants that were able to share both their culinary specialties and generous hearts. In addition to the diverse and delicious foods, guests enjoyed meeting the chefs and participating in a number of exciting raffles.

“This evening was a tremendous success, not only because it helped out a truly inspiring organization, but because it brought the whole community together,” said McCaffrey. “While we are all hopeful for medical miracles to materialize as soon as possible, in the meantime, we must do our best to educate the public and help those who need it the most. I hope to see ‘Chefs for a Cause’ continue to be a success for many years to come.”
