Babylon Village, NY: Suffolk County Legislator Kevin McCaffrey (R-Lindenhurst) recently had the opportunity to attend the awards presentation at the 26th Annual BACCA Juried Art Show, which was held at the Old Town Hall. The event was widely attended not only by the participating artists, but by the greater community of art enthusiasts as well.

This particular art exhibition involved a variety of mediums including oils, acrylics, portraits, mixed media, drawing, watercolors, and pastels. All of the pieces were elegantly displayed throughout the Old Town Hall, providing a first rate viewing experience. Additionally, many of the artists and BACCA board members were on hand to answer questions and provide insightful interpretive guidance.

“Babylon Village and the surrounding communities are truly chock-full of talented individuals,” said McCaffrey. “We are so lucky to live in a community that fully embraces everything that truly defines its people. It made perfect sense to hold this show in one of the most noteworthy historic buildings in the area, as these artists are building upon our local history right before our eyes. I very much look forward to attending next year’s installment.”
