**KENNEDY OUT FOR BLOOD AT THE RONKONKOMA STREET FAIR**

September 6, 2015 – Legislator Leslie Kennedy (R-Nesconset) went out strong in her first blood drive of the fall season with the Ronkonkoma Street Fair. New York Blood Center had two blood trucks out to collect from donors in the community. As always two free Mets tickets were given to all those that attempted to donate.

This weekend was an extreme successful with 80 presenting donors last Sunday. "Thank you to everyone who donated blood on Sunday and I also want to thank my volunteers who helped out, I couldn't have done this without them, and I hope that everyone enjoys their Mets tickets" said Leslie.
