September, 15 2015 – At 100 years of age, local Islandia women Vida Hopkins Tallon is still full of life! On Tuesday, Vida was joined by Legislator Leslie Kennedy

Vida Tallon was born in Queens, NY in September of 1915; she raised a family of five with her husband Robert Tallon. Throughout her life, Vida has resided in a variety of places throughout the country, including New York, California, and North Carolina. She spent a majority of her professional career as a typist for Photonews.

Vida accredits her longevity to having a consistent optimistic outlook everyday as well as being a very avid walker; "I would walk everywhere my feet would take me" said Tallon during her birthday festivities.
