LESLIE KENNEDY WELCOMES THE BRISTAL ASSISTED LIVING COMMUNITY

(Legsillator Leslie Kennedy with The Bristol Assisted Living Community officials)

October 7th, 2015 – Legislator Leslie Kennedy (R-Nesconset) was proud to welcome another assisted living facility into her district on Wednesday afternoon. The Bristol Assisted Living opened up a new location in Lake Grove to serve the elderly in the community and enable them to live a somewhat independent life.

The new location is at 2995 Middle Country road, conveniently located close to the Smith Haven Mall as well as Stony Brook University hospital, enabling the residents to benefit from the shopping amenities and health care facilities.

Legislator Leslie Kennedy attended a ribbon cutting ceremony to honor the new establishment and also presented them with a proclamation from the County to usher in their new location and commitment to assisting the elderly. "I am happy to see institutions dedicated to caring for the elderly in our community; The Bristol Assisted Living is a beautiful place to live, and I wish them success going forward." said Legislator Kennedy.

For information on other community events feel free to contact Legislator Kennedy's office directly at (631)-854-3735 or contact us on Facebook at facebook.com/legislatorlesliekennedy.
