NEW COMMITTEE ASSIGNMENTS FOR LEGISLATOR KENNEDY

(Comptroller John Kennedy, Legislator Leslie Kennedy, and County Clerk Judith Pascale)

January 13, 2016 – As a new year begins and the Suffolk County Legislature is set to meet in February to begin their legislative duties, new committee assignments have been made to accommodate for the newly elected legislature.

Leslie Kennedy (R-Nesconset) has taken on five new committees, namely: Veterans and Human Services, Budget and Finance, Education and Information Technology, Government Operations, Personnel and Housing, and Parks and Recreation. Legislator Kennedy is also taking on the Public Safety Committee as well which she has served on in her last term, bringing her total to six committee assignments. Having volunteered to serve on the working budget committee Legislator Kennedy is uniquely experienced and ready to take on the new assignment of Budget and Finance.

"I am humbled and grateful to serve the people of Suffolk County and I take my committee assignments very seriously, I am honored to take on the responsibility of five new committees and I hope to continue to make Suffolk County a place where people can afford to live, work, and raise their children." Said Legislator Kennedy "I know people are facing tough time economically, and I will always urge the Legislature to do the right thing, even if it isn't the easiest thing, and we will continue to take care of our constituents and all those who need the help and services of the County."

For information upcoming community events, please contact the office of Legislator Kennedy at (631)-854-3735 or contact us on Facebook at facebook.com/legislatorlesliekennedy.
