

COUNTY OF SUFFOLK

STEVE LEVY
SUFFOLK COUNTY EXECUTIVE

DEPARTMENT OF
PARKS, RECREATION AND CONSERVATION

COMMISSIONER

JOSEPH J. MONTUORI
CHIEF DEPUTY

TRACEY BELLONE
DEPUTY COMMISSIONER

June 9, 2010

Dear Campers,

We are pleased to announce that we will be updating the Campground reservation system for the 2011 season. This upgrade will provide a more user-friendly system by allowing users to choose their own login and password for the system and will require payment up front for reservations. In addition, the new system will allow customers to check for availability and reserve a site from the same screen, thus minimizing time it takes to complete a reservation.

In order to make the transition to the new system as smooth as possible, we will be shutting down reservations for the 2010 season starting December 10, 2010. On December 10, 2010, campsites will still be available for walk-ups at the campgrounds that allow camping during the off-season. Once the new system is in place and starting date is determined, a new announcement will be sent out via email, and posted on the Suffolk County Parks webpage to announce when reservations will be accepted for the 2011 season.

Thank you for your patience during this process.

Sincerely,

Tracey Bellone
Deputy Commissioner
