

SBA Eligible Lender Paycheck Protection Program Bank List

The information below was collected by the Suffolk County Business Recovery Unit by visiting SBA and financial institution websites serving Long Island.

The alphabetized list below is broken into three parts:

The **first section** contains financial institutions that are **currently accepting** new applications in the PPP program.

The **second section** contains those institutions that are **not currently accepting** new PPP loans, but are working on existing loan applications.

The **third section** contains those institutions that **do not participated** in the PPP program to date, but may have other SBA options.

Round 2 of SBA/PPP funding became available on **4.27.20**

Note: If you have already filed under the first round of funding there is no need to file again. Applications are processed in the order they are received.

We encourage all users interested in participating in the Paycheck Protection Program to:

- 1) Work with their existing financial institutions (if they are a SBA eligible lender).
- 2) Visit the financial institution's website to ensure the most up to date information.

This information will be updated and re-posted regularly. Please Beware of Scams. Only provide information to eligible lenders as highlighted through the SBA.
