LETTER OF TRANSMITTAL

June 1, 2017

Steve Stern, Chairman
Veterans and Seniors Committee
William H. Rogers Building
725 Veterans Memorial Highway
Smithtown, NY 11787

Dear Legislator Stern:

In accordance with Suffolk County Local Law 32-2016, on November 4, 2016 the Suffolk County Department of Audit & Control (Audit & Control) assumed the responsibility of registering all nonprofit veterans organizations (agencies) soliciting funds and contributions in Suffolk County. Audit and Control reviewed all documentation submitted by these agencies with their application for registration statements from November 4, 2016 through May 31, 2017, and provided a registration certificate to the agencies which completed all of the registration requirements. The documentation provided by the agencies was not audited, and the analyses provided are solely for informational purposes.

The purpose of our analyses was to review documentation submitted by the agencies in order to provide the Veterans and Seniors Committee of the County Legislature with a report summarizing the information submitted by each registered nonprofit veterans organization pursuant to §353-24.1 of the Suffolk County Code. These analyses were prepared using the information provided by the agencies and are not intended to be a presentation in conformity with generally accepted accounting principles. The objectives of these analyses included, but were not limited to: reviewing all documentation submitted by the agencies with their application for registration statements in order to determine whether all registration requirements were satisfied; issuing a registration certificate which has a registration number and expiration date to the agencies which completed all of the registration requirements; identifying agencies with expired registration certificates and which are prohibited from soliciting funds or contributions in Suffolk County.

We conducted our analyses in order to satisfactorily complete our objectives and to comply with the requirements of Suffolk County Local Law 32-2016.

Respectfully submitted,

Office of the County Comptroller
Division of Auditing Services

BACKGROUND

In accordance with §353-21 of the Suffolk County Code, any nonprofit veterans organization that solicits funds or contributions from the public or that has funds or contributions solicited on its behalf within Suffolk County is required to file an application for registration statement with Audit and Control. The application for registration statement, which contains all of the information detailed in §353-21 B. of the Suffolk County Code, must be refiled and updated every year for as long as the agency is engaged in solicitation activities in Suffolk County.

Audit and Control is responsible for reviewing all documentation submitted by the agency with its application for registration statement to determine whether all registration requirements have been satisfied. The Comptroller will provide each agency which has completed all of the registration requirements with a registration certificate which has a registration number and expiration date. In addition, Audit and Control will publish on its webpage the following information regarding each registered nonprofit veterans organization for the previous year: total revenue, including donations, contributions, grants and investments; total funds expended to assist veterans and their families; amount and percentage of funds raised that were expended to support veterans' programs in Suffolk County; amount of funds that remain undistributed; amount of monies paid to professional fundraisers and solicitors; total administrative expenses for the agency and the percentage of total administrative expenses to total agency expenses.

SCOPE AND METHODOLOGY

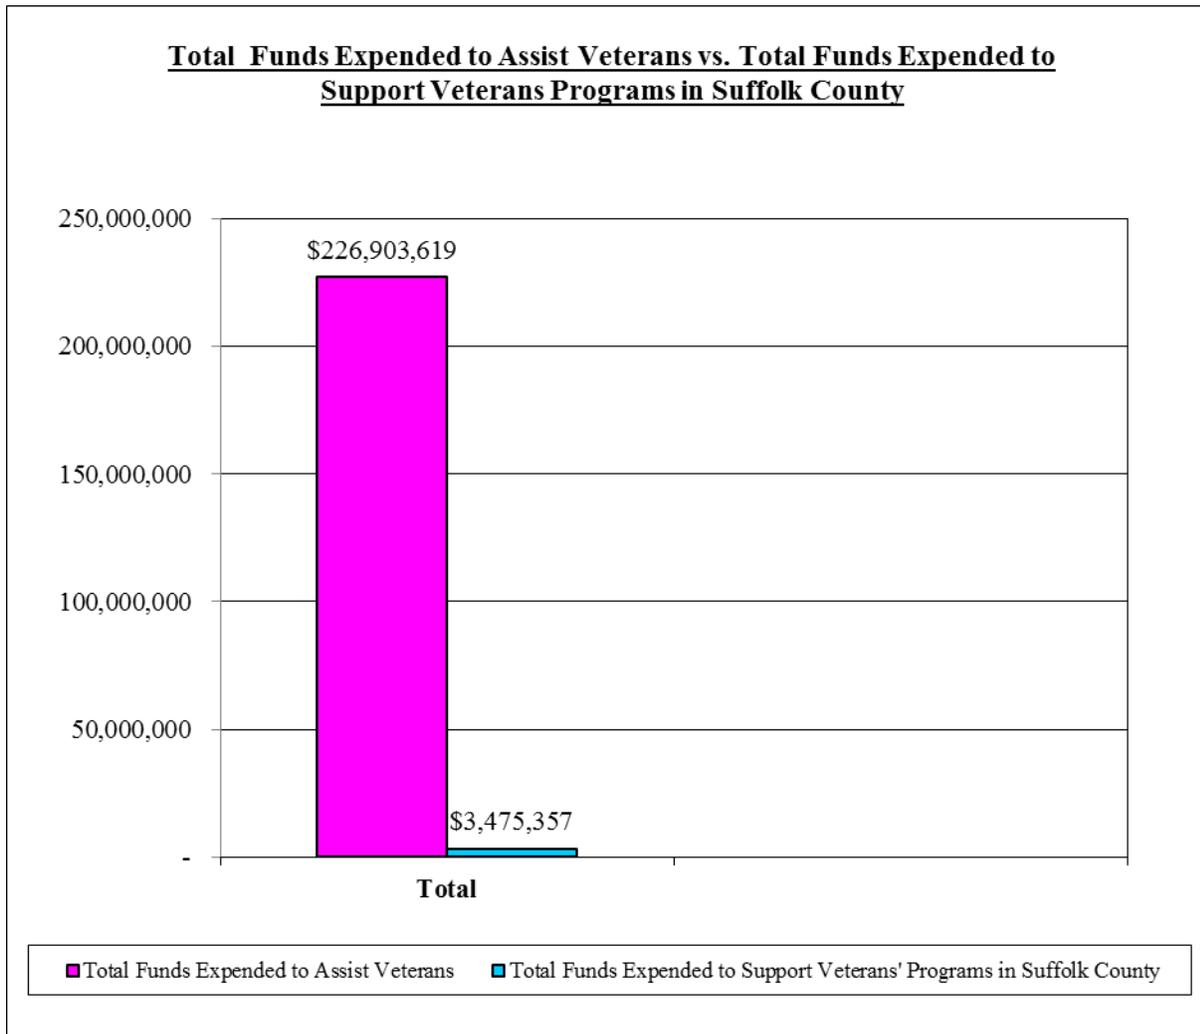

- Sent recertification letters and an application for registration statement to all agencies which had a registration certificate that expired or was due to expire in the immediate future.
- Sent letters and an application for registration statement to any agency which informed Audit and Control that it intended to solicit funds or contributions from the public or that it was going to have funds or contributions solicited on its behalf within Suffolk County.
- Reviewed all documentation submitted by the agencies with their application for registration statements in order to determine whether all registration requirements were satisfied.
- Issued a registration certificate which has a registration number and expiration date to all agencies which completed all of the registration requirements.
- Identified agencies with expired registration certificates and which are prohibited from soliciting funds or contributions in Suffolk County.
- Published on Audit & Control's webpage the following information regarding each registered nonprofit veterans organization for the previous year: total revenue, including donations, contributions, grants and investments; total funds expended to assist veterans and their families; amount and percentage of funds raised that were expended to support veterans' programs in Suffolk County; amount of funds that remain undistributed; amount of monies paid to professional fundraisers and solicitors; total administrative expenses for the agency and the percentage of total administrative expenses to total agency expenses.

RESULTS OF ANALYSES

Audit and Control issued fifteen registration certificates from November 4, 2016 through May 31, 2017 to agencies which completed all of the registration requirements (Schedule 1). These agencies must refile an application for registration statement with Audit & Control every year for as long as the agencies are engaged in solicitation activities in Suffolk County.

Our analysis of the documentation provided by the fifteen agencies which were issued registration certificates revealed that a relatively small portion of the total funds expended by the agencies to assist veterans were expended to support veterans programs in Suffolk County. As illustrated in Chart 1 below, of the \$226,903,619 that was reported to be expended to assist veterans and their families in the previous year, only \$3,475,357 was reported to be attributed to supporting veterans programs in Suffolk County.

Chart 1

Our analysis revealed that one of the fifteen (7%) agencies paid a professional fundraiser in the previous year (Schedule 1).

Audit and Control identified five agencies with expired registration certificates and which are prohibited from soliciting funds or contributions in Suffolk County (Schedule 2). Section 353-23 of the Suffolk County Code imposes civil penalties for any agency which violates any of the provisions contained in Article III. Registration of Nonprofit Veterans Organizations.

SCHEDULES

Schedule 1

Nonprofit Veterans Agencies Registered with Comptroller's Office
For the Period November 4, 2016 through May 31, 2017
