

CP 6411 - Infrastructure Improvements for Workforce/Affordable Housing Term Sheet

PROGRAM DESCRIPTION	
Goals:	The need for affordable housing has reached crisis proportions throughout the County. Families and businesses have all felt the repercussions of this challenge as young workers and our elderly have left Long Island for more affordable housing elsewhere. This issue did not develop overnight, nor can it be solved overnight. It will take all of us working together to find a multitude of solutions that help us keep our families together. The County's Department of Economic Development and Planning is working to increase the amount of affordable housing throughout Suffolk County by working with Municipalities, Not for Profit Organizations and Developers to construct and rehabilitate housing that is affordable to individuals whose income does not exceed 80% of the HUD-established area median income for the Nassau-Suffolk Primary Metropolitan Statistical Area. This program provides gap funding to assist developers in balancing development costs.
Eligible Use of Proceeds:	<p>The Affordable and Workforce Housing Infrastructure Program encourages the development of affordable and workforce housing by contributing Infrastructure funding through the use of Capital Bond proceeds. The County partners with developers at early stages in the development process and will provide partial reimbursement to the developer for infrastructure costs when construction is completed to reduce the cost burden and allow developers to charge less for the rent or purchase price of newly constructed or rehabilitated units. Both owner-occupied and rental housing will be eligible to receive assistance. Preference will be given to projects of 10 or more units. Eligible infrastructure improvements include, but are not limited to roads, parking, sewers, water, sidewalks, street lighting and appurtenant landscaping within the development area.</p> <p>Please note recent amendments to the Suffolk County housing opportunities programs. In order to receive any affordable/workforce housing funding offered by Suffolk County, the property must contain at least 5 I/DD units, at least 5 ground-floor or elevator accessible units set aside for individuals with disabilities and at least 5 veterans units, whose total is no more than 10% of the total development, whichever is less. Please refer to Suffolk County Local Laws 7 and 8 of 2023. Please also note that any projects over 34 units are required to have an on-site superintendent unit. It is the responsibility of the Borrower to review Section § A36-2 of the Suffolk County Administrative Code for all laws pertaining to affordable housing subsidies.</p>
Funding Awards	Awards can be up to \$35,000 per unit of affordable housing. Award funding is dependent on available County funding at the time of application receipt. The County reserves the right to make exceptions for projects that restrict units to those at or below 30% of Area Median Income (AMI) and/or where the need to create financial feasibility exists. Award amounts are also subject to funding limitations. All funding awards are subject to and must be approved by the Suffolk County Legislature.
AFFORDABILITY REQUIREMENTS	
Eligible Tenants:	<p>County funded rental units, must, at a minimum, be occupied by persons and families whose income does not exceed 80% of the HUD-established median income limits, adjusted by family size for the Nassau-Suffolk PMSA, with allowances for income limits set at 100% of the HUD established median income limits, adjusted by family size for the Nassau-Suffolk PMSA, for owner-occupied units. Projects accessing other government capital funds may have other, more restrictive, requirements around income levels.</p> <p>Funded rental units shall have maximum rent equal to the HUD-established fair market rent adjusted for bedroom size for the Nassau-Suffolk PMSA or any municipality approved fair market rent standard, provided that the gross rent, as defined in 26 U.S.C. § 42(g)(2)(B), of said standard does not exceed 30% of the respective HUD-established area median income limit for the Nassau-Suffolk PMSA with adjustments for bedroom size not exceeding the HUD policy on occupancy standards under the Fair Housing Act. Funded rental units must meet or exceed the longest affordability period required by additional funding sources or tax credit agreements, with a percentage of the units being affordable to the occupant in perpetuity according to Suffolk County Code § A36-2(D)(2)(a).</p>
Tenant Occupancy:	Home ownership units that are not affordable in perpetuity must be owner-occupied and the principal residence of the occupant for at least 10 consecutive years. Units that are affordable in perpetuity must be owner-occupied as a principal residence in perpetuity. If an affordable unit contains an accessory apartment, the owner must occupy the principal portion of the unit and not the accessory apartment as their principal residence.
Affordable Unit Distribution:	Affordable Units shall be evenly distributed throughout the development and shall not be clustered.

Reporting Requirements:	The Fee Owner shall be required to provide the Director with a report no later than December 31 st of each year commencing as of the date of the executed contract with the County.
Regulatory Agreement:	It is intended and agreed that the agreements, covenants and restrictions herein shall be covenants and restrictions running with the land and that they shall be, in any event, and without regard to technical classification or designation, legal or otherwise, binding for the benefit and in favor of, and enforceable by the County to the fullest extent permitted by law and equity. Such covenants shall inure to the benefit of the County its successors and assigns, and shall bind and be enforceable against Grantor, and its successors and assigns. The agreements, covenants and restrictions contained herein shall survive any foreclosure, lease termination or other enforcement proceedings.
DEVELOPMENT TEAM REQUIREMENTS	
Eligible Applicants:	The applicant must be a single-asset, sole-purpose entity. For-profit, limited dividend, and not-for-profit borrowers are eligible. Residential Design Guidelines	<p>The Developer shall submit any site plans and design plans (including elevations) to the Department, along with their application, for review, comment and approval as to design quality. In the event that construction of the Housing Development begins prior to the review, comment and approval as to design quality by the Department, the County may withdraw support and/or funding commitments and any funding already awarded shall be required to be re-paid to the County. To access the County's design guidelines please reach out to Stephanie Rosen (contact info at the bottom of this sheet).</p>
Subsidy Layering Review:	<p>Suffolk County requires that a Subsidy Layering Review (SLR) be conducted for all projects receiving funding from the County, including federal funds it administers, such as HOME Investment Partnership Program (HOME), as well as general funds and funds made available through bonding. Such layering review is done for purposes of assuring that the funds are used as a means of filling capital gaps. The layering analysis will also review the reasonableness of the development budget and the operating budget and determine whether conventional debt and equity, as well as other sources of funding, have been maximized such that without the proposed funds from Suffolk County the development would be financially challenged and not able to proceed.</p>
Legislative Review:	<p>All projects are subject to approval by the Suffolk County Legislature.</p>
