		Total =	0.125						
		Permitted Flow Grand Total =	1.503						

A: Permitted flow is the flow listed on the State Pollution Discharge Elimination System (SPDES) permit. It is, most times, the same as the design flow of the plant.
 B: The U.S. Environmental Protection Agency Enforcement & Compliance History Online (ECHO) website (<http://www.epa-echo.gov/echo/>) can be searched to provide a vast amount of information and data on each STP in Suffolk County. Compliance reports, effluent charts, pollutant loading reports, water quality reports and other information for regulated facilities under the Clean Water Act can be viewed and downloaded by conducting searches using the unique SPDES permit number for each STP.
 C: SW-M = marine surface water outfall, GW = groundwater outfall.

Rev. 9/21/12

Source Attribution and Disclaimer

This map has been prepared by the Suffolk County Department of Economic Development and Planning, Division of Planning and Environment using information and data provided by various sources. While the information and data on the map have been reviewed by the parties involved, this portrayal of same should not be considered as an official map showing the specific location of any sewer district boundary or contractee. The operating agencies and individuals listed below, as the original sources of the information and data, should be contacted directly to ascertain any final determination as to how boundaries and data shown relate to specific Suffolk County Real Property Tax Map (SCRPTM) parcels.
