**A:** Permitted Flow is the flow listed on the State Pollution Discharge Elimination System (SPDES) permit. It is, most times, the same as the design flow of the plant.

**B:** The U.S. Environmental Protection Agency Enforcement & Compliance History Online (ECHO) website (<http://www.epa-echo.gov/echo/>) can be searched to provide a vast amount of information and data on each STP in Suffolk County. Compliance reports, effluent charts, pollutant loading reports, water quality reports and other information for regulated facilities under the Clean Water Act can be viewed and downloaded by conducting searches using the unique SPDES permit number for each STP.

**C:** SW-M = marine surface water outfall, GW = groundwater outfall.
