Condition # 1 - The lease applicant must arrange and pay for the conduct of a hard clam population survey using a methodology approved by the Suffolk County Department of Planning to determine if the potential lease site meets the threshold criteria for lease eligibility, as stated in the *Lease Program Management Plan, Administrative Guidance*.

Condition # 2 - The lease applicant, in consultation with the Suffolk County Department of Planning, will identify the specific location(s), consisting of a total area of 20 acres, within the boundary of the lease site, that will be leased.
